

HRSA Update

Diana Espinosa
Deputy Administrator

June 28, 2016

HRSA Programs and Services

One in 3 people living at or below the poverty level relies on a HRSA-supported health center for primary medical care.

One in 2 people diagnosed with HIV receives care through the Ryan White HIV/AIDS Program.

Over 10 million people living in health professional shortage areas receive primary medical, dental or mental health care from 9,600 National Health Service Corps clinicians nationwide.

HRSA Programs and Services

More than half of pregnant women and more than a third of infants and children benefit from maternal and child health block grants.

More than 800,000 rural Americans receive health services thanks to rural community-based grants.

About 145,500 parents and children participate in the Federal Home Visiting Program.

More than 30,000 organ transplants facilitated.

HRSA Strategic Goals

**Improve
Access to
Quality
Health Care
and Services**
